Updated 4/12/2018

Biography

Stephen G. Ware, Ph.D. is an Assistant Professor of Computer Science at the University of New Orleans where he directs the Narrative Intelligence Lab and oversees the Game Development Concentration.

Prof. Ware's research applies artificial intelligence techniques to model and reason about narratives, especially generating and adapting narratives in real time interactive virtual environments such as video games, training simulations, and tutoring systems. His work has earned three best paper awards to date. Since he joined the faculty of the University of New Orleans in 2014, Prof. Ware has received over \$800,000 in sponsored research funding from federal, state, and local agencies, including over \$600,000 from the National Science Foundation, where he has served as a panelist.

Prof. Ware serves as a referee for the IEEE Transactions on Games journal since 2013. He has also served as organizer or program committee member for top conferences and workshops in his field, including the AAAI International Conference on Artificial Intelligence and Interactive Digital Entertainment, International Conference on Intelligent Virtual Agents, International Conference on Interactive Digital Storytelling, Foundations of Digital Games, Intelligent Narrative Technologies, Computational Models of Narrative, Association for the Advancement of Artificial Intelligence, and the International Joint Conference on Artificial Intelligence.

Prof. Ware teaches classes in artificial intelligence, automated planning, and game development. He is proud to be part of the continuing effort to bring computer science research and the technology industry back to New Orleans after many universities cut these program in the wake of hurricane Katrina. He works with economic development groups and local game development studios to attract digital media companies to New Orleans.

Interests

- artificial intelligence
 - computational models of narrative
 - fast multi-agent planning
 - plan recognition
 - entertaining and educational games
 - human computer interaction
 - computational cognitive science
 - narrative theory
-

Professional Experience

Fall 2014 to Present	Assistant Professor Director, Narrative Intelligence Lab University of New Orleans, Department of Computer Science
Spring 2014 to Summer 2014	Research Assistant North Carolina State University, Department of Computer Science
Spring 2013 to Fall 2013	Teaching Assistant North Carolina State University, Department of Computer Science
Summer 2013	Instructor North Carolina State University, Department of Computer Science
Fall 2009 to Fall 2012	Research Assistant North Carolina State University, Department of Computer Science
Summer 2009	Instructor North Carolina State University, Department of Computer Science
Fall 2008 to Spring 2009	Teaching Assistant North Carolina State University, Department of Computer Science
Summer 2007	Software Engineer, Intern DAXCO Inc. Birmingham AL, USA

Education

North Carolina State University Raleigh NC, USA

June 2014	Doctor of Philosophy in Computer Science Thesis: <i>A Plan-Based Model of Conflict for Narrative Reasoning and Generation</i> Advisor: Professor R. Michael Young
May 2011	Master of Science in Computer Science, GPA 4.0 / 4.0

Loyola University New Orleans New Orleans LA, USA

May 2008	Bachelor of Science, Summa Cum Laude with University Honors, GPA 4.0 / 4.0 Majors in Computer Science and Philosophy Thesis: <i>Merlin's Bear and Odin's Eye: A Survey of the Wizard Archetype in Literature, Opera, and Cinema.</i> Advisor: Professor William T. Cotton, English Department
----------	--

Awards and Honors

- October, 2017 *Best Program Committee Member*
AAAI International Conference on Artificial Intelligence and Interactive
Digital Entertainment
- April, 2017 *Faculty Distinguished Research Award*
University of New Orleans Honors Program
- December, 2016 *Region 1 Postsecondary Teacher of the Year*
Louisiana Association of Computer Using Educators
- October 2014 *Best Student Paper*
10th AAAI International Conference on Artificial Intelligence and Interactive
Digital Entertainment
- July 2012 *Best Paper*
International Conference on Interactive Digital Storytelling
- May 2012 *Best Student Paper on a Cognitive Science Topic*
Computational Models of Narrative Workshop
- April 2010 *Honorable Mention, Graduate Research Fellowship*
U.S. National Science Foundation
- March 2010 *Outstanding Teaching Assistant*
North Carolina State University Graduate Student Association
- August 2009 *Dean's Fellowship*
North Carolina State University, Department of Computer Science
- May 2008 *William T. Cotton Service Award*
Loyola University New Orleans
- May 2008 *Percy A. Roy S.J. Award for Highest Grade Point Average*
Loyola University New Orleans, College of Humanities and Natural Sciences
- May 2008 *Outstanding Computer Science Major*
Loyola University New Orleans, Dept. of Mathematics and Computer Science
- May 2008 *Guy Lemieux S.J. Award for Excellence in Philosophy*
Loyola University New Orleans, Department of Philosophy
- May 2004 *Ignatian Scholarship*
Loyola University New Orleans

Sponsored Research

- January 2018 to December 2018 *Fast, Strong-Story BDI Planning for Intelligent Virtual Narratives*
Role: Principal Investigator
University of New Orleans office of Research and Sponsored Programs
\$14,765
- July 2017 to July 2019 *CC* Network Design: ARCHES (Advanced Research Computing in the Humanities Engineering and Sciences) Network at the Univ. of New Orleans*
Role: Co-Principal Investigator
US National Science Foundation
\$335,000
- August 2016 to July 2017 *EAGER: Planning Believable Narratives by Modeling Agent Beliefs*
Role: Principal Investigator
US National Science Foundation
\$156,969
- May 2017 to June 2017 *Saliency-Based Drama Management: A Pilot Study*
Role: Principle Investigator
University of New Orleans College of Sciences
\$10,051
- July 2016 to June 2017 *Bringing Use-of-Force Training Simulations into Virtual Reality*
Role: Principal Investigator
University of New Orleans Office of Research and Sponsored Programs
\$14,982
- November 2015 to June 2016 *Intelligent Planning of Interactive Narratives to Teach Best Practices*
Role: Principal Investigator
University of New Orleans Office of Research and Sponsored Programs
\$20,000
- May 2015 to Present *CRII: CHS: Structuring Narratives in Interactive Virtual Environments Using Computational Models of Possible Worlds*
Role: Principal Investigator
US National Science Foundation
\$138,436
- May 2015 to May 2016 *Creating an Interdisciplinary Digital Media Laboratory*
Role: Principal Investigator
Louisiana Board of Regents, Enhancement Program
\$110,042
- May 2015 to August 2015 *Reading Rocket: A Game-Based Reading Level Test for Children Based on Stealth Assessment*
Role: Principal Investigator
University of New Orleans Office of Research and Sponsored Programs
\$11,800

Funding Panels and Reviews

May 2015 National Science Foundation, CISE Directorate
Arlington, VA, USA

Journal Referee

October 2013 IEEE Transactions on Games (previously IEEE Transactions of Computational
to Present Intelligence and Artificial Intelligence in Games)

Conference and Workshop Organization

October 2018 Doctoral Consortium Chair, 14th AAAI International Conference on Artificial
Intelligence and Interactive Digital Entertainment
Location TBD

July 2016 Organizer, 7th Workshop on Computational Models of Narrative
Co-Located with the 2016 Digital Humanities Conference
Kraków, Poland

October 2012 Organizer, 5th Workshop on Intelligent Narrative Technologies
Co-Located with the 8th AAAI International Conference on Artificial
Intelligence and Interactive Digital Entertainment
Stanford University, Palo Alto CA, USA

Conference and Workshop Program Committees

AAAI Intl. Conference on Artificial Intelligence and Interactive Digital Entertainment (AIIDE)

- 14th Conference, Location TBD
- 13th Conference, Snowbird, UT, USA, October 2017
- 12th Conference, Burlingame, CA, USA, October 2016
- 11th Conference, Univ. of California Santa Cruz, Santa Cruz, CA, USA, November 2015
- 10th Conference, North Carolina State University, Raleigh, NC, USA, October 2014

International Conference on Interactive Digital Storytelling (ICIDS)

- 10th Conference, Funchal, Madeira, Portugal, November 2017
- 9th Conference, Institute for Creative Technologies, Los Angeles, CA, USA, November 2016
- 5th Conference, Technological Park, San Sebastián, Spain, November 2012

International Conference of the Association for the Advancement of Artificial Intelligence (AAAI)

- 32nd Conference, New Orleans, LA, USA, February 2018

International Joint Conference on Artificial Intelligence (IJCAI)

- 26th Conference, Melbourne, Australia, August 2017

International Conference on Intelligent Virtual Agents (IVA)

- 15th Conference, Delft University of Technology, Delft, The Netherlands, August 2015

Foundations of Digital Games Conference (FDG)

- Royal Caribbean Liberty of the Seas, April 2014
- Raleigh, North Carolina, USA, May 2012

Intelligent Narrative Technologies Workshop (INT)

- 10th Workshop, Snowbird, UT, USA, October 2017
- 9th Workshop, special track of the 9th Intl. Conf. on Interactive Digital Storytelling, 2016
- 8th Workshop, University of California Santa Cruz, Santa Cruz, CA, USA, November 2015
- 7th Workshop, University of Wisconsin-Milwaukee, Milwaukee WI, USA, June 2014
- 6th Workshop, Northeastern University, Boston MA, USA, October 2013
- 5th Workshop, Stanford University, Palo Alto CA, USA, October 2012

Computational Models of Narrative Workshop (CMN)

- 7th Workshop, Kraków, Poland, July 2016
- 4th Workshop, University of Hamburg, Berlin, Germany, August 2013

Invited Panels

November 2012 Panelist, *Expert Panel*

5th International Conference on Interactive Digital Storytelling
Technological Park, San Sebastián, Spain

October 2012 Moderator, *The Near Future of Intelligent Narrative Technologies*

5th Workshop on Intelligent Narrative Technologies
Stanford University, Palo Alto CA, USA

February 2012 Panelist, *Two Cultures: Crossing the Divide*

Collaborations: Humanities and Technology Festival
Duke University, Durham NC, USA

Teaching

Classes Taught, University of New Orleans

CSCI 6645: *Planning Algorithms in Artificial Intelligence*

Fall 2017: 5 graduate

Fall 2016: 7 graduate

Fall 2015: 14 graduate (taught as *CSCI 6990: Special Topics*)

CSCI 4525 / 5525: Introduction to Artificial Intelligence

Spring 2018: 18 undergraduate, 7 graduate

Spring 2017: 11 undergraduate, 6 graduate

Spring 2016: 17 undergraduate, 3 graduate

Spring 2015: 19 undergraduate, 14 graduate

CSCI 4675 / 5675: Advanced Game Development

Spring 2018: 5 undergraduate, 4 graduate

Spring 2017: 9 undergraduate

Spring 2016: 7 undergraduate, 3 graduate

CSCI 4670 / 5670: Fundamentals of Game Development

Fall 2017: 20 undergraduate, 7 graduate

Fall 2016: 13 undergraduate, 2 graduate

Fall 2015: 10 undergraduate, 10 graduate

Fall 2014: 11 undergraduate, 2 graduate

Classes Taught, North Carolina State University

CSC 316: Data Structures for Computer Scientists

Summer 2013: 21 undergraduate

CSC 216: Programming Concepts – Java

Summer 2009: 12 undergraduate

Teaching Assistantships and Guest Lectures, North Carolina State University

CSC 522: Automated Learning and Data Analysis (Data Mining)

CSC 565: Graph Theory

CSC 326: Software Engineering

CSC 281: Foundations of Interactive Game Design

CSC 295: Foundations of Game Design

Research Supervised

Doctor of Philosophy, University of New Orleans

Spring 2017 Alireza Shirvani, as advisor (degree in progress)

to Present Topic: Belief in narrative planning

Summer 2015 Rachelyn Farrell, as advisor (degree in progress)
to Present Topic: Fast multi-agent narrative planning in a network of possible worlds.

Fall 2015 Edward Garcia, as advisor (degree in progress)
to Present Topic: Narrative planning for teaching best practices in training simulations.

Master of Science, University of New Orleans

Spring 2017 Alireza Shirvani, as advisor (degree in progress)
to Present Topic: Belief in narrative planning

Fall 2015 Edward Garcia, as advisor (degree in progress)
to Present Topic: Narrative planning for teaching best practices in training simulations.

Spring 2019 Shyla Clark, as committee member
Remote Monitoring of Cherry Wetness Using a Leaf Wetness Sensor and Wireless Sensor

Spring 2016 Dustin Peabody, as advisor
to Spring 2018 *Detecting Metagame Shifts in League of Legends Using Unsupervised Learning*

Fall 2015 Dharmesh Desai, as advisor
to Spring 2017 *Measuring Presence in a Police Use of Force Simulation*

Summer 2015 Rachelyn Farrell, as advisor
to Spring 2017 *Predicting User Choices in Interactive Narratives using Indexter's Pairwise Event Saliency Hypothesis*

Bachelor of Science, University of New Orleans

Spring 2018 Rishav Rajendra
UNO College of Sciences Undergraduate Research Program

Spring 2018 Lee Lagarde
Privateer Undergraduate Research and Scholarly UNO Experience

Spring 2017 Nicholas Martin
UNO College of Sciences Undergraduate Research Program

Spring 2017 Nishan Rayamajhee
Privateer Undergraduate Research and Scholarly UNO Experience

Spring 2016 Ashim Sitoula
Privateer Undergraduate Research and Scholarly UNO Experience

Spring 2016 Pujan Pokhrel
UNO Collage of Sciences Undergraduate Research Program

Spring 2016 Scott Robertson, Hung Le
Independent Study

Fall 2015 to
Spring 2016 Abhishek Sapkota
UNO Collage of Sciences Undergraduate Research Program

Summer 2015 Rodrigo Rodrigues do Carmo, Maurice Robert III
Reading Rocket: A Game-Based Reading Level Test for Children Based on Stealth Assessment

Summer 2015 Thiago Vieira, Gabriel Miranda
Brazil Scientific Mobility Program

Spring 2015 Gabriel Queiroz, Rodrigo Rodrigues do Carmo
Independent Study

Spring 2015 Christopher Toups
Independent Study

Bachelor of Science, North Carolina State University

Fall 2013 Christian Stith, Phillip Wright

Fall 2012 Eric Lang, Zack Litzsinger

Spring 2011 Evan Kochuk, Courtney Harrison

Institutional Service

University of New Orleans

Fall 2015 Faculty Advisor
to Present International Game Developers Association, Student Chapter

Fall 2015 Undergraduate Studies Committee
to Present Department of Computer Science

Fall 2015 Action Team for the recruitment and retention of active military and veterans

North Carolina State University

Spring 2009 to Tutoring Coordinator for CSC 116: Introduction to Programming
Fall 2010 STARS Alliance: Students and Technology in Academia, Research, and Service

Loyola University New Orleans

Fall 2006 to President
Spring 2008 Loyola University Gaming Society

Fall 2006 to President
Spring 2007 Philosophy Club

Research Software

- [1] Project Lead, *Reading Rocket*
A data-driven game-based assessment tool for measuring reading level in middle school children.
<http://nil.cs.uno.edu/projects/readingrocket>
- [2] Author, *Glaive Narrative Planner*
A fast multi-agent planner that coordinates cooperative and conflicting agents toward a single goal using only actions consistent with each individual's goals. Integrates intentional domain graphs into Hoffmann's Fast-Forward heuristic for significant speedups on intentional planning problems.
<http://nil.cs.uno.edu/projects/glaive>
- [3] Project Lead and AI Programmer, *The Best Laid Plans*
An adventure game created with the Unity 3D engine in which the story is generated and adapted entirely at run time by multi-agent narrative planning technology.
<https://nil.cs.uno.edu/projects/blp>
- [4] Project Lead, *MOOLA: Multi-User Dungeon Object-Oriented Little Adventures*
A highly-customizable rapid prototyping environment for interactive narratives and multi-agent planning technology.
- [5] Author, *simple-SAT*
An education-focused classical planner which reduces planning problems to satisfiability axioms similar to the BlackBox planner.
<http://www4.ncsu.edu/~stamant/simple-planners/simple-planners.html>
